In the light of the present critical international situation, and until further written notice from me, I wish that each one of you would take immediate steps to reduce the number of public speeches pertaining to foreign or military policy made by officials of the departments and agencies of the Executive Branch. This applies to officials in the field as well as those in Washington.

No speech, press release, or other public statement concerning foreign policy should be released until it has received clearance from the Department of State.

No speech, press release, or other public statement concerning military policy should be released until it has received clearance from the Department of Defense.

In addition to the copies submitted to the Department of State or Defense for clearance, advance copies of speeches and press releases concerning foreign policy or military policy should be submitted to the White House for information.

The purpose of this memorandum is not to curtail the flow of information to the American people, but rather to insure that the information made public is accurate and fully in accord with the policies of the United States Government.
